WE12TRAVEL DAY HIKE

packing list

1. RAIN JACKET
   No matter where you are: always bring a rain jacket or a poncho. Never underestimate the weather!

2. FIRST AID KIT
   Make sure to bring the basic stuff you may need such as bandages, pain killers and water purification tablets.

3. WATER & SNACKS
   You can never bring enough drinking water, right? As for snacks, my favorites are Snickers and granola bars.

4. HIKING MAP OR GPS
   Always know where you are going either with a (topographic) map or a GPS device of any kind.

5. CAMERA OR PHONE
   Just in case you run into that wildlife you’ve always wanted to see or a beautiful sunset.

6. POWER BANK
   Phones lose battery quickly these days, especially when using the GPS function!

7. EXTRA CLOTHES
   A hat, mittens, an extra sweater, dry socks, a t-shirt, wind shell ... whatever you can think of!

8. SUN PROTECTION
   Always bring sunglasses and sun screen ... it may look cloudy or cold but the sun is no joke!

ENJOY YOUR HIKE!
